EDUCATION

● IMT Nord-Europe - Bachelor's Degree

SEPTEMBER 2020 - AUGUST 2021

Based in Douai and Lille, this engineering school is specialised in Industry and Services.

● Lycée Faidherbe - MPSI/MP

SEPTEMBER 2018 - JUNE 2020

Undergraduate courses specialised in Mathematics and Physics to prepare nationwide competitive exams.

● Lycée Baudimont - High School degree

SEPTEMBER 2015 - JUNE 2018

High School degree in sciences with honors.

CAREER OBJECTIVE

Dynamic and motivated, I want to improve my soft and hard skills in order to be able to progress professionally. My appetite for the scientific field and my altruism urge me to take an interest in the research, IT and service sectors. I am currently looking for an internship abroad from the 4th April 2022 to the 19th August 2022 (20 weeks).

PROFESSIONAL EXPERIENCES

● Fonderies de la Scarpe - sender

AUGUST 2021 (2 WEEKS)

- Research several haulage contractors for deliveries.
- Negotiate the price for the shipping.
- Manage a team composed of foundry workers.

● Fonderies de la Scarpe - internship in the planning department

MAY 2021 - AUGUST 2021

- Forecast the periods for the deliveries.
- Check daily the progress of the ordered parts.
- Implement some process linked to planning work.

● Medvitale - Web developer in the project

SEPTEMBER 2020 - JUNE 2021

- Create a document that gathers the most important hosts for medical data.
- Use the software Adobe XD for the conception of the first user interfaces.
- Develop the first user interfaces under Flutter.
